

Utility and Construction Training Limited

Distribution Operation & Maintenance Strategy

Who Should Attend

Any personnel working on any part of the drinking water distribution system must be DOMS qualified

Prerequisites

EUSR Water Hygiene qualification

Aims

To enable delegates to be suitably qualified to allow work to be undertaken on any Water distribution system. Successful completion of training and assessment allows candidates to be placed on the Energy & Utility Skills Register (EUSR).

Objectives

On completion of the course, delegates should be able to:

- To utilise industry best practice
- To ensure supply security
- To maintain water hygiene
- To provide cost effective supply
- To maintain water quality
- To assist Water quality incident management
- Relate the DOMS objectives
- Identify how DOMS affects you
- State how distribution operations are controlled
- Demonstrate your knowledge of DOMS

Duration

1 Day
